Dear New Jersey Gymnastic Parents,

I hope this message finds you well and safe. As the state chairman, I want you to know how saddened I was for all of our athletes. It seemed that one day we were in our gyms, learning, growing and becoming self-empowered young women, and then the next day it was completely gone. No sectionals, states, regionals, nationals and recognition of our deserving senior class, a total disappointment for many and I am truly sorry.

In the next few weeks, let's hope that our gyms will be allowed to open. Once that happens, we will need your support to help in getting back to normal and also in recruiting others to join our great sport. We are also in the planning stages of honoring our seniors in early August. The clubs have been working hard to exceed the CDC standards and have done everything they can, to stay afloat. I am sad to say that we did lose a few who could not last the financial hardship.

When the doors open, let's be there with support and any assistance that they will need. All of our gyms and judges have been working together through video conferencing and as always with great teamwork. With your support we will be back stronger and ready to develop incredible athletes. Thank you for supporting New Jersey USAG gymnastics. It takes all of our efforts to score a perfect 10!

Wishing you the best always,

Brant Lutska

New jersey state administrative committee chairman
